Dear Friends,

Thank you for praying for us this month! Kelly, Timothy, and I are all well. We had the opportunity to go down south this month to visit an Independent Baptist youth camp in Tainan. I had the privilege of speaking for one evening service and Kelly was asked to give her testimony before the congregation. I always enjoy the way that she gives glory to her Redeemer and am eternally grateful for how The Lord used her to bring me to church.

Last week, I met a young man by the name of "Alex." He considers himself to be a Christian, but confessed to me that he struggles with accepting all of The Bible as true. The next day, we began studying The Bible together that he might learn from The Lord. As you know, The Lord does everything perfectly, and the timing of these lessons is evidence of that. Alex just returned from a Christian camp with his High School Seniors Class. As we've begun studying The Bible together, he has been asking excellent questions about things that he has heard which The Lord has helped me to answer from His infallible Scriptures. Please pray for us as we continue to study that our spiritual needs would be revealed. I greatly appreciate the Bibles that my sending church gave me to conduct these English Bible Studies. I was able to give Alex one of them, and look

forward to giving more of my students the precious word of God.

We have had a hard time finding opportunities to witness to Kelly's family. However, a couple weeks ago, Kelly was able to talk to her father about his eternal soul and the judgment of God. Her father was listening, and in the end he said that it depends "on whether you choose to believe or not." Please pray that he would continue to consider the things that were said, and pray that The Lord would open more doors for us to witness.

Thank you also for praying for our health. Timothy recently came down with a nasty Summer time disease and couldn't eat for two days. Praise The Lord, on day three he gorged himself on milk and began steadily recovering from there. He is better now, and Kelly and I remain well.

Thank you also for praying for my language study. I enjoy learning Chinese immensely, and seem to be improving. I am able to have simple conversations in public, talk about the fruit in the U.S. versus the fruit in Taiwan, answer a doctor's questions, etc. It is definitely a start.

We so grateful for friends like you, who pray for unprofitable servants like us, that He might get The Glory He deserves.

Praises.
