Dear Friends,

We greatly appreciate your prayers on our behalf. Our belongings have been received and everything is in great condition. The Lord not only returned our things to us, but He delayed our shipment long enough for us to get settled in before receipt! We honestly don't know what we would have done with all the boxes had we received them when originally expected. God's timing is perfect.

We are also very grateful for the care packages, cards, and links to preaching that we received. They were a tremendous encouragement this past month.

Recently, I have been offering an Advanced English Bible Study to our community. Last week, I spoke with a man named "David." After handing him the flyer, he paused for a moment to examine it, after which he questioned me if I was a Mormon. I told him that I was not, but was simply teaching people what The Bible says. He was relieved, and became interested by the prospect of studying The Bible. We have had two lessons now, and he appears to be very engaged in the lessons and is grateful for them. He also professes to be a Christian, and was raised with The Bible by his mother. As we study, I am praying that we would continue to stay receptive to the word of God that

spiritual needs would be met. So far, he has been a very good student and is apt to make connections between various passages of scripture.

Thank you also for praying for Kelly's father. He is doing much better, and, is able to get around on his own again. After some tense moments last month with members of her family, we were sort of distanced for a while. This was exacerbated by Timothy being sick for nearly three weeks. He is now much better and we have been able to reconnect with them. Please pray that we would have boldness and wisdom to speak with them about The Lord.

Please pray for me this month, as I will begin language school on the 3rd of June. On May 21st, I will be taking an exam for placement into language school. Please pray that I would place wherever necessary to become a better communicator of God's word in Mandarin-Chinese. If I have some glaring weaknesses at the foundational level, then I would want to review.

Thank you once again for your prayers, we are so grateful to be able to give a hearty "Amen!" to serving The Almighty God who knows what is best for His children, and will protect them.

A servant,
Bro. Evan
